I really have a wonderful break time at school. It comes in the middle of the school day after the third lesson. It is usually between 11 and 11:30 in the morning. Break time is quite important because it makes us fresh again for the coming lessons. We never stay in our classes during the break. Some students have a walk in the playground. Others open their lunch boxes and start eating together. I really enjoy myself during the break. After eating, I go to the school library where there are plenty of good books to read or borrow. Other times I go to the music room to train for the school party. As soon as the bell rings, we rush to our classes with fresh minds.

Bike catchers are people who take bikes from canals in Amsterdam, a city in Europe. There are no hills in the city so a lot of people cycle to school and to work. In fact, thirty percent of people in Amsterdam travel to work by bike. The city also has a lot of canals and sometimes the bikes fall into the water. Perhaps this is because there are more bikes in the city than people ! In the 1960s, there were so many bikes in the canals that they began to damage the bottom of boats. That is when the job of bike catchers began. One bike catcher told me that they take 14.000 bikes out of the canals each year. People used to see different kinds and colours of bikes there.
